FOR WOMEN & MEN

SAKASTI ADONIS

ONLY FOR MEN

THE 'SKIN-PERFECT MAN' TREATMENT.

'ADONIS' is the perfect man in greek mythology. And 'Sakasti Adonls' is the perfect, well researched skin treatment for this 'rushed-against-the-clock' perfect man of today.

Sakasti understands what it means to be skin-perfect! As well-skinned as being well-dressed.

The 'Sakasti Adonls' treatment takes in to account the man's lifestyle. His habits, sleep, job, food intake, likes and

dislikes, work schedules, factors that strain and ease him .

Once this is accomplished a run down of the treatment initiates multiple sessions, depending on the state of the health the skin is in.

Then history repeats itself!

Every time a man walks in at Sakasti, an Adonis walks out. Ask all those young and beautiful women who just can't keep their eyes off him!
