'UNIQUE SAKASTI' TREATMENT SERIES  
FOR WOMEN & MEN

# SAKASTI FOREVER

A SKIN MAINTENANCE TREATMENT

Age, the best place to see it on is the skin. Not many like it that way. We all want to look seemingly younger than what we are.

Enter 'Sakasti Forever'.

A treatment that fights age.

It is a series of multi-fold therapy sessions of skin care, of Tightening, Toning, Texturising, Scrubbing, Massaging, Machining, Rejuvenating.

All to take back years. All to turn the clock back and keep it there.

Mom, almost as young as her teenage daughter!

Father, passing off as his son's soccer playing buddy!

For we at Sakasti understand skin maintenance as the only way it needs to be understood: Age maintained.

Science never fails, you see.
