

THE FOUNDER.

Ms. Sujata Naik. Founder. Skin advisor.

A graduate from Mumbai University, Sujata's skin-care knowledge, skills and training come from right round the globe. From the US comes her professionalism for Cosmetology. Spain has infused in her the know-how of Laser treatments. And UK, the expertise in inch and fat loss treatments. Sujata is also a regular across the globe, for ongoing training on International skin therapies.

Her determination to use the finest in skin care products has kept her committed and engrossed with dermologica, the internationally leading skin-care range of products.

Having founded the Sakasti skinic four years ago she has been active on live-research on skin care, understanding effects of lifestyle, food, happiness and physical & emotional stress on the skin.

Sujata sees the skin, as the screen, on which gets reflected the state of the health of the entire body.

Hands-on experience has been the basis behind Sujata's efforts to deliver skin-science in a manner that serves mankind, not merely commerce.

Like Sujata says, "Science never fails, lack of understanding does!"

This desire to understand better, drives her passion to greater skin care and happy, very very satisfied, loyal customer relationships.

THE SCIENCE OF SKIN.
HEALTHY INSIDE. GLOWING OUTSIDE.
